Property Damage - No Injuries

When a summer electrical storm, accompanied by high winds of "twister" force hit the community of Evergreen on Saturday afternoon last week, it left a lot of property damage in its wake, but not a person was reported injured.

On the farm of Nancy and Keith Harris the huge tree you see in the above photo was 'wrung off' and hurled approximately 50 feet. The debris came to rest very close to storage buildings without so much as a single dent or other damage to the buildings. Not only did the tree lihbs miss the buildings but a lot of irrigation equipment was just to the left of the buildings and it was left untouched.

Dennis Gragg, of **Gragg's Tax Service** is shown in rear of present building as work progresses on enlarging the facilities to accomodate new business, **Appomattox Date Systems.**
